

Do I Know Him
music & lyrics by Tobin Mueller

Hilde:

Do I know him?
I've never seen him here, yet
Does he know me?
He didn't seem to care yet
His hands they are the kind that heal
Heal all they touch, like mine,
Will they find me in time?

When he saw me,
He couldn't hear my thoughts yet
When I saw him
I heard the spirits calling "Mother"
Like mother calling from a dream.

Will I see him if I return secretly
Will he see me and hear the singing sweetly
Call my name out again?
