

Puzzle City (abridged)
(Tobin Mueller/Bob Piper)

The City is phantom
The City is anonymity
The City is breathing
The City is where I come to be

Falling tiles from roofs
Falling angels beyond proofs
Like confetti made of stars
Falling pieces from the Puzzle City

In the City

Falling tiles from roofs
Falling angels beyond proofs
Like confetti made of stars
Falling pieces from the Puzzle City

Come take your fill
Be what you will
In the City
